

# Experiences During Hadron LINAC Commissioning

## martes, 26 de enero de 2021

### Pulsed LINAC's: Spallation sources (14:00 - 16:10)

-Moderadores: Wim Blokland

time	[id] title	presenter
14:00	[16] Experience from J-PARC LINAC commissioning	Dr. MIURA, Akihiko
14:25	[6] Commissioning and initial operation experience with the CSNS Linac	Dr. YUN, Peng
14:50	[19] ESS Beam Commissioning Experience	MIYAMOTO, Ryoichi
15:15	Virtual conference photo	
15:20	Break	
15:30	[36] Warm and cold LINAC commissioning	Dr. ALEKSANDROV, Alexander
15:55	Discussion on BI for commissioning of spallation sources	

### Pulsed LINAC's: Medical accelerators (16:10 - 17:10)

-Moderadores: Andreas Reiter

time	[id] title	presenter
16:10	[40] Experiences from medical LINAC commissioning	SCHLITT, Bernhard
16:35	[14] Analysis of Low and Medium Energy Beams at HIT	CEE, Rainer
17:00	Discussion on BI for commissioning of medical accelerators	

# miércoles, 27 de enero de 2021

## **Pulsed LINAC's: Injectors I (14:00 - 15:30)**

**-Moderadores: Federico Roncarolo**

time	[id] title	presenter
14:00	[7] Status of the High Current Injector Programme at IUAC, New Delhi, India	RODRIGUES, G.
14:25	[8] Experience from L4 commissioning	LALLEMENT, Jean-Baptiste
14:50	[5] Development of CW heavy ion LINAC at IMP (normal-conducting)	YIN, Xuejun
15:15	Discussion on requirements for commissioning of high current injectors	

## **Pulsed LINAC's: Injectors II (15:45 - 17:10)**

**-Moderadores: Oliver Kester**

time	[id] title	presenter
15:45	[44] BNL experience for 200 MeV LINAC	RAPARIA, Deepak
16:10	[9] LINAC4 diagnostics experience during commissioning	TAN, Jocelyn
16:35	[39] Commissioning of Low-Energy LINACs	REITER, Andreas
17:00	Discussion on BI for commissioning of Injectors
