

ESSRI, Energy for Sustainable Science at Research Infrastructures

Thursday, 26 September 2024

Parallel Session 4.- Energy Management at Research Infrastructures (14:55 - 16:15)

-Conveners: R. Losito

time	[id] title	presenter
14:55	[43] Key Technologies for Energy Efficient and Sustainable Accelerators: a survey from shareholders	ABUSAIF, F.
15:15	[71] Optimized Tunnel Climatization for PETRA IV	WARNECKE, T.
15:35	[72] CO2 for Detector Cooling at CERN	PETAGNA, P.
15:55	[73] Heat Recovery at CERN, from a First multi-MW Case to a Generalised Approach	CLAUDET, S.

Parallel Session 4.- Energy Management at Research Infrastructures (16:45 - 18:15)

-Conveners: R. Losito

time	[id] title	presenter
16:45	[49] Fast Measurement Systems: How to Increase the Power Quality in Accelerator Energy Grids	SAPOUNTZOGLU, N. VASAPOLLO, R.
17:05	[50] A Perspective Talk on Decarbonisation of the Cement Industry (Videoconference)	VAN DER MEER, Rob
17:25	[51] Helium Management as Part of Sustainability	FERRAND, F.
17:45	[52] FlexRICAN EU Project: Flexibility for Research Infrastructures for global Carbon Neutrality	UCER, S.
18:05	[53] Closeout
