

IGWM 2025

Monday, June 23, 2025

Session IV - Auditorium (4:00 PM - 5:00 PM)

-Conveners: Salvatore Mangano

time	[id] title	presenter
4:00 PM	[42] Efficient methods for wave-optics lensing	VILLARRUBIA-ROJO, Hector
4:20 PM	[26] From bubbles to ripples: probing the Higgs phase structure through gravitational waves	GIL, Luis
4:40 PM	[14] Probing self-interacting dark matter spike model using gravitational wave data	TIRUVASKAR, Shreyas
