

Welcome to La Palma

SII Workshop 2026

Tarek Hassan
on behalf of the LOC

Acknowledgements

- Big thanks to our wonderful SOC: Irene, Robin and Gisela
- The most important messages from LOC concern the two social events:
 - Visit to the Observatorio Roque de los Muchachos (Wednesday)
 - Tour will be given by Javier Herrera (director of ORM) and Ramón García (CTAO PI @ IAC)
 - Social Dinner at Casa Osmunda (Thursday)

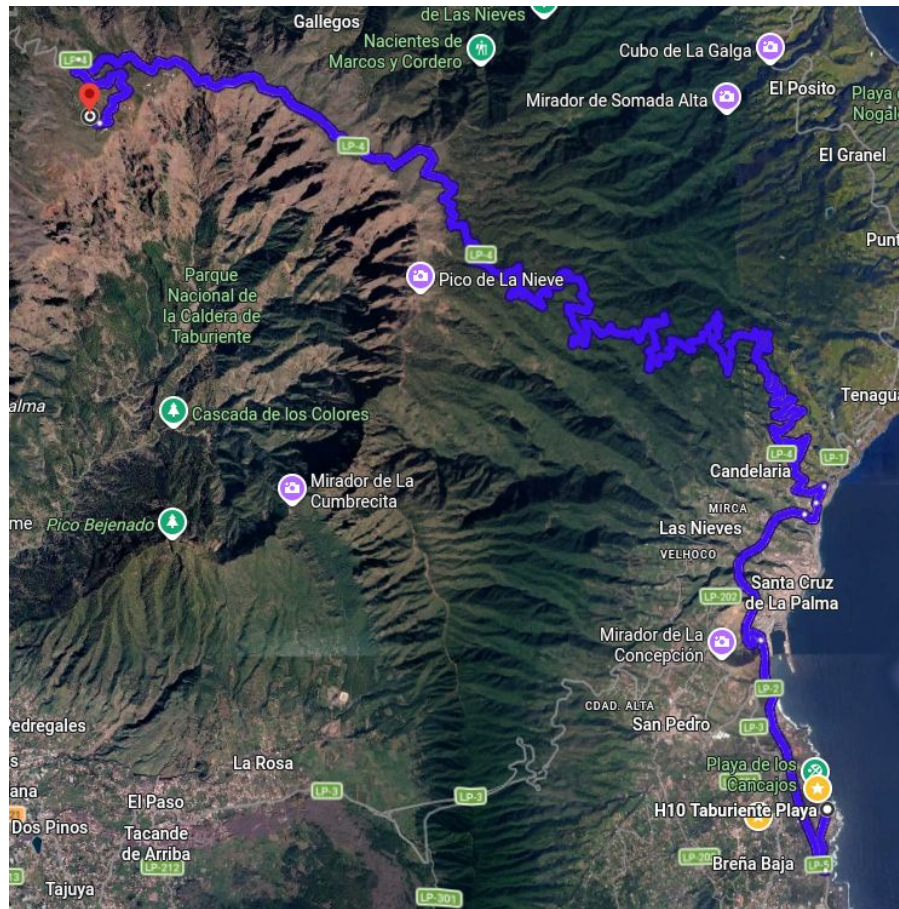

Visit to the Observatorio Roque de los Muchachos (Wednesday)

10:00	Studying massive stars with SII: Massive stars and fast rotators	
		09:30 - 11:05
11:00	Coffee break	11:05 - 11:35
12:00	Results with II: Results on Binary Systems	
		11:35 - 12:50
13:00	Lunch break	12:50 - 13:30
14:00	Visit to ORM	

Visit to the Observatorio Roque de los Muchachos (Wednesday)

- Road with **many** turns, we recommend strong breakfast and light (fast!) lunch
- Lunch break will be short!
(1:00 -> 1:30)
- A bus will **leave at ~1:35** (tight schedule due to GTC's visit)

Social Dinner at Casa Osmunda (Thursday)

- A bus will also take us to Casa Osmunda
(leaving at **19:10**)
- This is just a 10 min drive
- It will take us back to Taburiente at **22:30**

Hope you enjoy your stay!
